An
ANALYSIS
of EVENTS
by Sheikh Ali Mahmoud Rage
Part 01
Muhajireen's Graduation
Ceremony Address

الشيخ علي محمود راجي – حفظه الله – :

And now tell the Kenyan crusaders you have perpetrated all these atrocities, you've massacred many Muslims; you have invaded our Muslim lands and waged war against the Muslims.

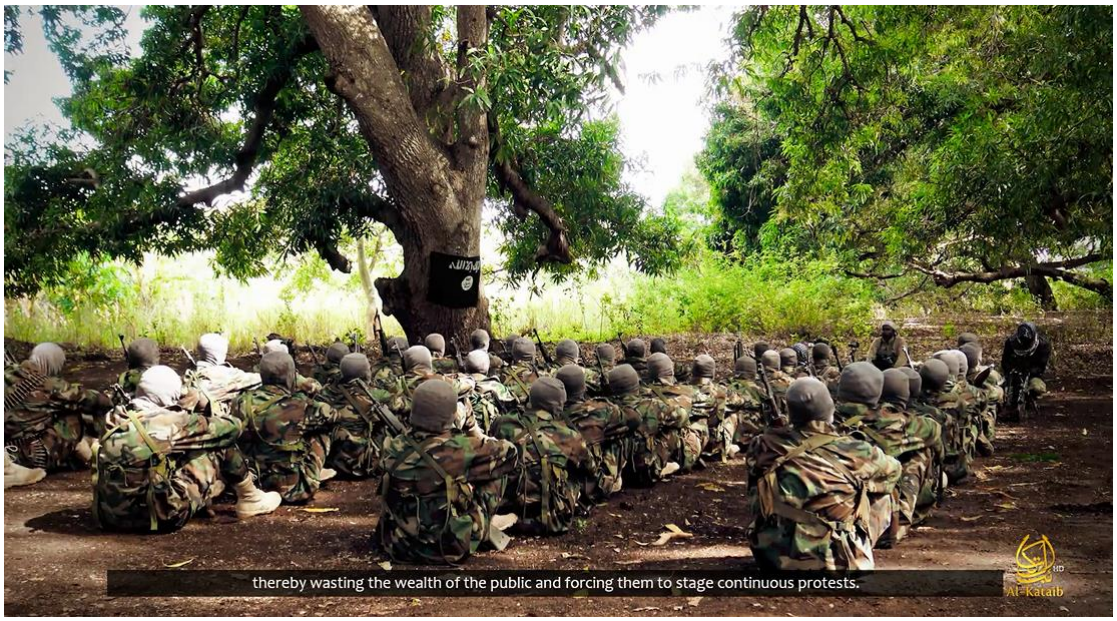
We would like to ask them now: what did they benefit from this war, their economy has deteriorated, and all praise is due to Allah.

Kenya has reached such a stage of economic decline today that teachers and healthcare personnel stage regular protests due to lack of founds they've used up their finances to fund the war.

Allah Akbar..

We've warned you yesterday of the consequences of war and today you are feeling its effects.

Your economy has declined and all government funds have been transferred funds to military coffers. Thereby wasting the wealth of the public and forcing them to stage continuous protests.



The other thing you gained is a never ending war, even inside your own country, such a Westgate, Garissa University attack and other similar attacks.

And what awaits you is far greater, by the permission of Allah.

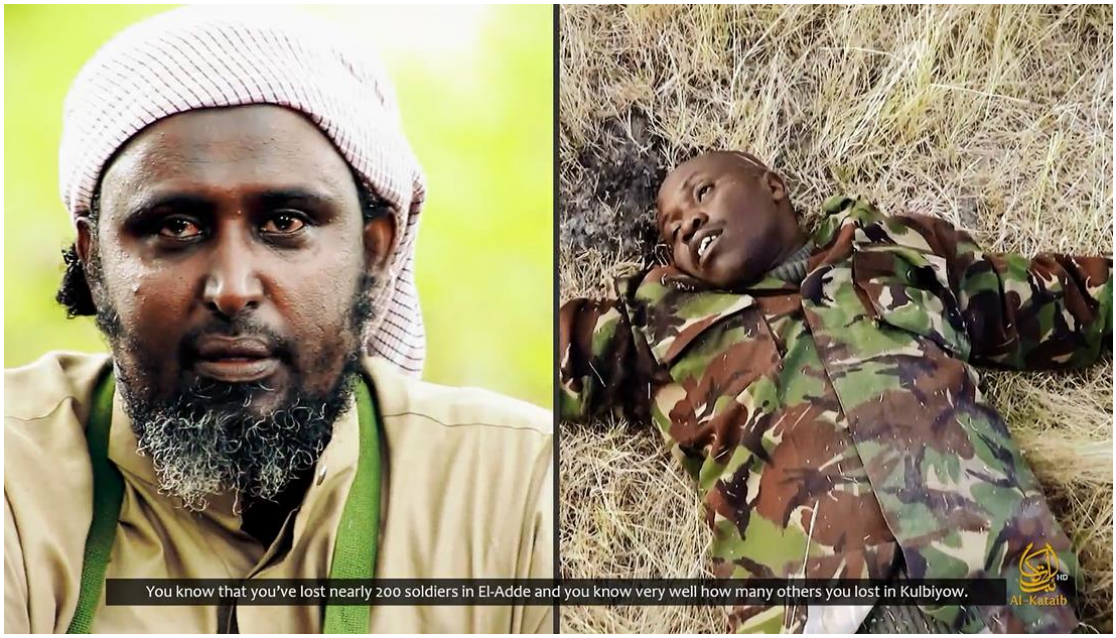
The Christians you have settled in Muslim lands such as Mpeketoni have been massacred.

Allah Akbar ..

You know that you've lost nearly 200 soldiers in El-Adde and you know very well how many others you lost in Kulbiyow.
Al-Kataib

Your soldiers have been killed in Somalia. You know that you've lost nearly 200 soldiers in El-Adee and you know very well how many others you lost in Kulbiyow.

Allah Akbar ..



You know that you've lost nearly 200 soldiers in El-Adde and you know very well how many others you lost in Kulbiyow.
Al-Kataib

You know that you've lost nearly 200 soldiers in El-Adde and you know very well how many others you lost in Kulbiyow.
Al-Kataib

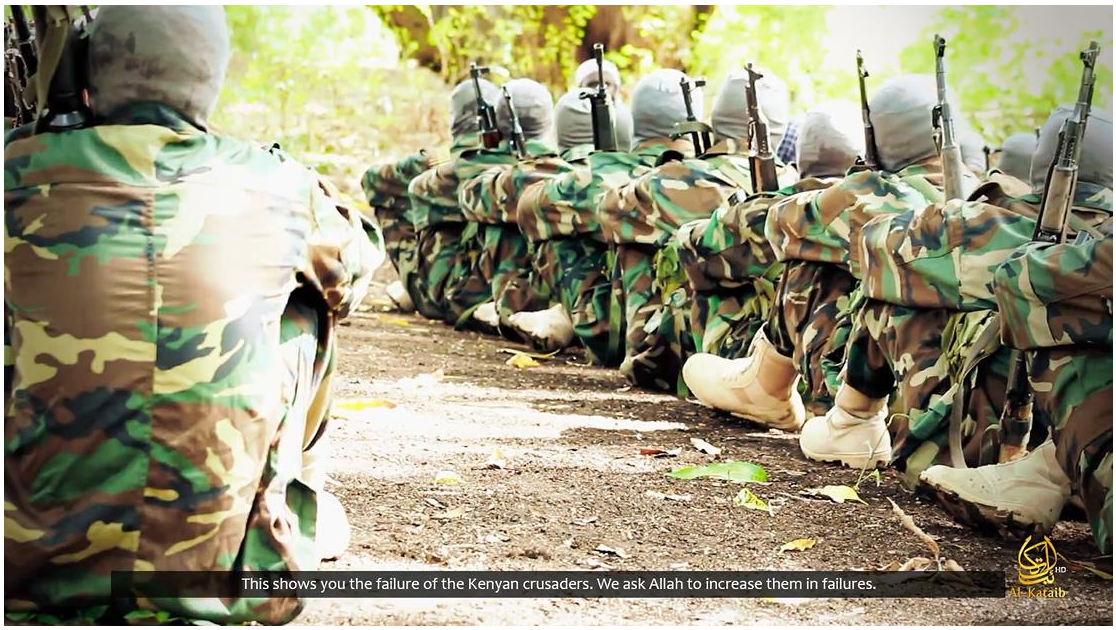
You used to tell your soldiers that they are brave soldiers dying for their country. If such is really the case, why don't you at least

reveal the number of those killed in their battles against the Mujahideen?

Why don't you inform the relatives of their missing soldiers?

Why don't you tell them about those being held by the Mujahideen as prisoners of war?

Thus shows you the failure of the Kenyan crusaders, we ask Allah to increase them in failures.



Worse than that are the assets you've lost in your war against the Mujahideen. Your military vehicles and aircraft were destroyed in Somalia.

And you still failed to even admit to your public the number of vehicles and aircraft lost during the war. As for us, the

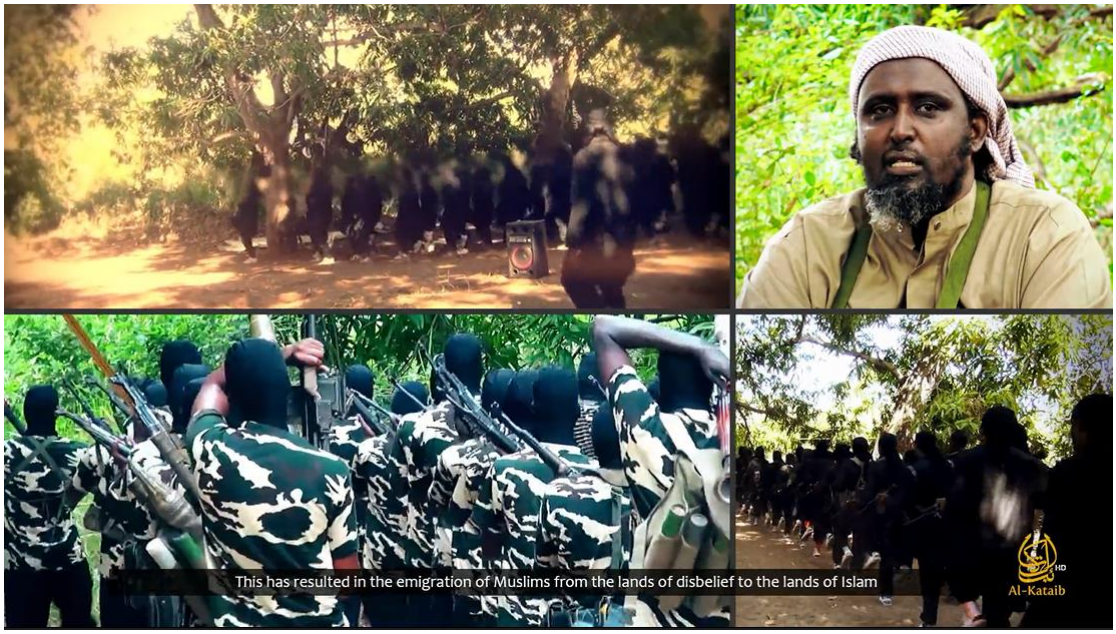
Mujahideen, there is plenty that we have gained from the war and all praise is due to Allah.

First of all, we gained opportunity to kill your soldiers in their bases, and destroys the weapons you set out to harm the Muslims with.

The Muslims have also woken up and realized the hatred harboured by the disbelieving enemy towards the Muslims.

They have recognized the need to physically fight against the enemies.

And that only bullets can stop them not condemnations and demonstrations. This resulted in the emigration of Muslims from the lands of disbelief to the land of Islam. And enabled them to join the jihad against the enemies.



This has resulted in the emigration of Muslims from the lands of disbelief to the lands of Islam
Al-Kataib

and enabled them to join the Jihad against the enemies.

Among those Allah has enabled to make Hijra from the lands of disbelief and boost the ranks of the Mujahideen are these Mujahideen sitting here today.

Allah Akbar …

We thanks Allah greatly for this and advise the other Muslims to follow the example of these brothers.

Indeed, there also were many brothers who came before this group, so we ask the Muslims to emulate them.

If the disbelievers thought that the lands of Islamic Wilaayaat are unprotected, know that there are Mujahideen ready to protect the land of Islam and that the Muslims of East Africa have previously expelled many enemy transgressors from their lands.

The so- called UNITAF and the subsequent UNOSOM forces, both of whom were spearheaded by today's greatest enemy of Islam – America- were expelled.

The corpses of dead American soldiers were dragged through the streets of Mogadishu.

And the Kenyans soldiers would not fare any better by the permission of Allah.

Allah Akbar..

All oppressive enemy forces were destroyed in this Muslim land just as the Kenyan forces are being destroyed here today. And that will be the fate of all enemy forces who seek to oppress Muslims, their military vehicles and aircraft were burnt, their economy has been weakened, their sources of income and the tourism sector have been severely damaged.

We tell the Kenyan government that you still have the opportunity to withdraw your forces from Muslim lands,

If you want peace, withdraw from all Muslim lands for you can't live in these lands unless you embrace Islam or become Dhimmis and live with the Muslims under a covenant. As for us, the Mujahideen waging a war against you, know that we will not, by permission of Allah, relent in our war. And we will continue to increase in numbers. Our decision is none but the saying of Allah:

قَالَ تَعَالَىٰ: ﴿قُلْ هَلْ تَرَبَّصُونَ بِنَآ إِلَّآ إِحْدَى ٱلْحُسْنَيَيْنِ ۖ وَنَحْنُ نَتَرَبَّصُ بِكُمْ أَن يُصِيبَكُمُ ٱللَّهُ بِعَذَابٍ مِّنْ عِندِهِۦٓ أَوْ بِأَيْدِينَا ۖ فَتَرَبَّصُوٓا۟ إِنَّا مَعَكُم مُّتَرَبِّصُونَ ﴿٥٢﴾﴾ التوبة: ٥٢

"*while we await for you either that Allah will afflict you with a punishment from Himself or at our hands, so wait, we too are waiting with you*" (At-Tauba, 52)

If you fail to withdraw your forces from the Muslim lands then be willing to endure a long, perpetual war that will not stop until the

Muslims become independent, self-determined and free to rule themselves by Islamic Shari'ah.

Allah Akbar..

We tell the Kenyan public, particularly the Christians among them: Ask your selves this: how was the situation in your country before your invasion of our Muslim lands? What was the state of your security and economy? Ponder over the aggression and oppression that you and you elected leaders perpetrate against the Muslims.

Whether those living in Kenya or in Somalia, reflect over the aforementioned heinous injustices that were carried out in Wagalla, Garissa, Mombassa, Mpektoni, ect. Ask yourselves: who is the oppressor? Is it your elected leaders or the Muslims who are

protecting their religion, dignity and lands? You can easily distinguish that the oppressors are none others than those whom you've elected and chosen as leaders.

On the other side, you perceive the level of corruption your leader are engaged in and their repeated failures.

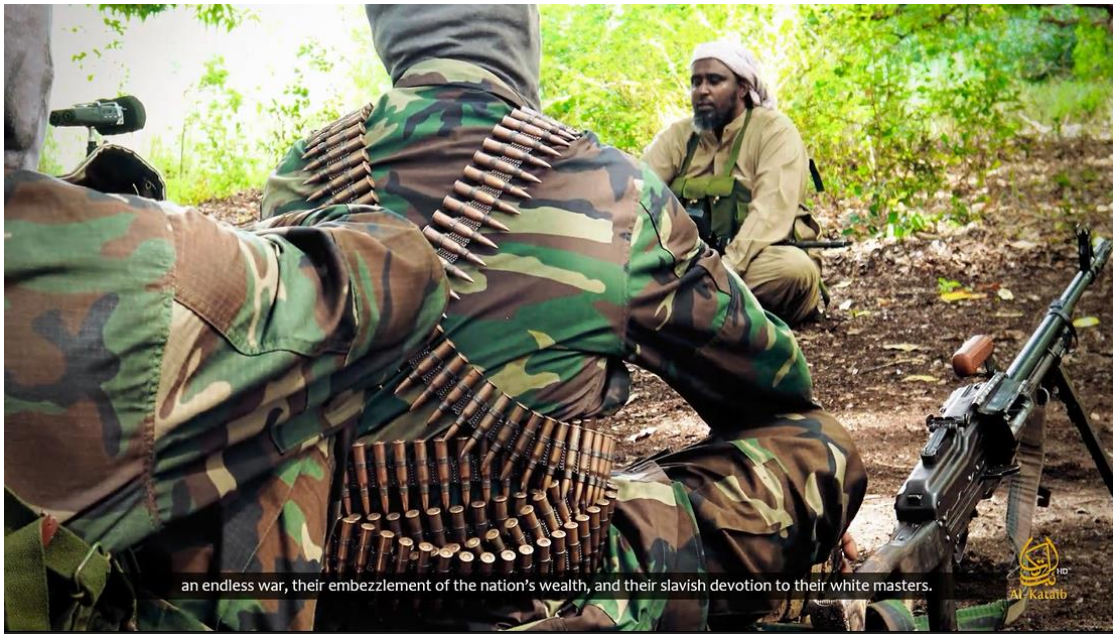
So much that they fail to look after the national interests of you, the Christian majority, you remember all too well the NYS and Eurobond scandals. You are aware of your country's mounting foreign debts where.

Your leaders pocket the money for themselves while you are let to bear the heavy burden.

There are many things that your government is hiding from you.

You are the one who brought about all these problems for your selves. Because you have embraced a warped ideology called democracy.

Is it democracy that enabled you to elect immoral and corrupt leaders who then propelled you into all these perils, and endless war, their embezzlement of the nation's wealth, and their slavish devotion to their white masters.



Think of your livelihoods and your country and hold your leaders to account before it's too late. You only solution lies in your embracing of Islam and abandoning all other religions based upon disbelief, oppression and servitude to other humans and coming to the justice of Islam and Muslims.

Your security and prosperity also lie in your embracing of Islam. We tell the Kenyan public: embrace Islam and you will be safe!

Allah Akbar..

Embrace Islam and you will reach prosperity and be free from the disbelievers who have oppressed you for so long and enforced democracy upon you.

Allah Akbar..
